To All Visiting Teams and Athletic Trainers:

Welcome to Radford University, in the heart of the New River Valley, for your upcoming sporting event. The Athletic Training staff is ready and willing to assist you and your athletes to make your visit a more pleasurable one. Please do not hesitate to contact us if there is any way that we help you during your stay at Radford.

The Athletic Training Facility for men’s and women’s soccer, track and lacrosse is located in the bottom floor of Cupp Stadium for all sports medicine needs. The Athletic Training Room for men’s and women’s basketball, baseball, softball, men’s and women’s tennis and volleyball is located in the VCOM Center for Sports Medicine on the second floor of the Dedmon Center.

Our facilities are here for your use, and the Athletic Training Facilities will be open approximately two hours before game time and as requested before practice times. We will have a Certified Athletic Trainer in attendance and Emergency Medical Services on call. A physician will either be on-site or on call. If you are traveling without an ATC, we will be glad to assist in any pre-game preparation and treatment as prescribed in a written directive provided prior to arrival. If you plan to travel without an ATC, please contact the athletic training staff before travel, and arrangements will be made.
